

Wear a Face Covering For Our Community

Face coverings are required in the following situations:

- Prior to entering any common area within graduate housing (*Graduate Housing Policies and Guidelines*)
- In all public places and businesses (*Emergency Order issued by the City of Cambridge*)

Through September 22, face coverings may be temporarily removed while outdoors when a physical distance of at least six feet from others can be maintained at all times.

Face Covering Tips

from The Centers for Disease Control and Prevention (CDC)

- **Cover your mouth and nose** with a clean cloth face covering when around others.
- **You can spread viral particles to others even if you don't feel sick.** Face coverings can help protect others if you're infected.
- **Continue to keep about 6 feet (or about 2 meters) between yourself and others.** Face coverings are not a substitute for physical distancing.

4 Our Community

Wash or Sanitize Your Hands. **Wear a Face Covering.**
Practice Physical Distancing. Take Care of Yourself and Others.
