## WHEN TO ARRIVE

**First-Year Move-in**  
Saturday, August 27

**Upper-Level Student Move-in**  
Saturday, September 3

Please note several program exceptions, including athletics, international student orientation, pre-orientation program (FPOPs), and students who have been approved for early arrivals.

## WHERE TO GO

### #1 Go to Your Assigned Residence Hall

Upon arrival to campus, please proceed directly to your assigned residence hall to check-in using your MIT Mobile ID or a physical MIT ID card. If you do not have a smartphone or your ID card, housing staff will manually check you in.

If you arrive between Midnight at 7:59 am, please contact Housing Operations (known as "Unit-12") at (617) 253-1500 or dial 3-1500 from any MIT phone to receive provisional access to your room. You'll be able to pick up your key(s) the next day when staff are available at the front desk of the residence hall.

### #2 First-Year Student Check-in

After checking into the residence hall and dropping off belongings, first-year students should proceed to the Coffeehouse Lounge between 9:00 am and 5:00 pm in the Student Center (Building W20) to receive their welcome packet and physical MIT ID card from the Office of the First Year (OFY). If you arrive outside of the daily OFY check-in hours, please stop by during the next available time period.

**Did you know?** Professional movers will be on-site during the day August 27-28 to assist with moves.

## GETTING AROUND

### On-Campus Shuttles

On-campus shuttles will be available according to the posted schedule. While there are no MIT shuttle services to campus from the airport, you may wish to utilize taxi, rideshare services, or the local public transportation system known as the "T".

### On-Campus Parking

A number of parking areas will be available across campus for drop-off and move-in parking. Please scan the QR code for access to a parking map.

**PLEASE NOTE:** Residents are encouraged to limit move-in guests to 1-2 persons, and all visitors will be asked to sign-in at the front desk of the residence hall.

## RESIDENTIAL EXPLORATION

After arriving to campus, you'll have the opportunity to participate in Residential Exploration or "REX" activities sponsored by residents of each house during Welcome Week. The events, which are optional to attend, are intended to showcase the unique culture and aspects of each community.

## PROCESS

Take a peek at the process timeline for REX, FYRE and intra-building moves by scanning the QR code below or by visiting [studentlife.mit.edu/fyre](http://studentlife.mit.edu/fyre)

## FIRST-YEAR RESIDENCE EXCHANGE

First-year students who decide they'd like to change their housing assignment will have the opportunity to participate in the First-Year Residence Exchange "FYRE" process. This is completely optional! FYRE enables students to request a different building assignment, subject to housing availability. If you're successful at receiving a new housing assignment, you'll be able to move to your new building on "Move Day" September 1 (with help from professional movers!). Intra-building moves also take place at the house level and students may opt not to participate if they choose.

## PRO TIP

If you're interested in changing your room or building assignment, it's best not to fully unpack your personal belongings after moving onto campus. This will make the moving process easier if you choose to relocate to an alternate housing assignment during the house-level room change or FYRE processes.

## NOTES ABOUT DINING

All in-house dining areas will have meal service available to any meal plan holders starting with brunch on Saturday, September 3.

First-year students who are participating in Orientation will also have access to meals during Welcome Week and will receive additional information regarding their meal options prior to arrival.

Additional information about fall semester dining, including specific dining times, is available on the MIT Dining website.

## KEEP MIT HEALTHY

Please remember, you should not arrive on campus if you are sick, are having symptoms, or have tested positive for COVID-19 within ten days of your scheduled arrival. MIT strongly encourages you to take a COVID-19 test within 48 hours of coming to campus, and to bring 6-8 rapid antigen tests with you. If your arrival plans change due COVID-19, please let us know by emailing [residence@mit.edu](mailto:residence@mit.edu) with the subject "Arrival Date Adjustment". Also don't forget, all campus residents must be fully-vaccinated against COVID-19 or receive an approved exemption.
